

November 21, 2017

To The National Italian Invitational,

We, at Ellsworth wanted to send a heartfelt thank you for your gracious donation. We were able to provide Thanksgiving meals for 18 families. In addition to the meals the families were provided a \$25 gift card to purchase additional food for the holiday season. The families were so surprised and grateful for the additional support. Knowing that many of these families count on students getting lunch and snacks at school, we were also able to reserve additional grocery gift cards. We can use these in the future to help families purchase food over winter, spring and summer breaks to make up for the extra food the students will need when not in school.

Thank you again for your gracious gift to support our families!
